

OWLETS

MISSING HALF

Can you complete the other half of this Owl and then colour it in?

CAN YOU GUESS?

Here are some close-up photos of some of our birds of prey. Can you guess which birds they are?

What do you call a two-dimensional owl?
A paper t-OWL

What do you call an owl that's been caught in the act?
A Spotted Owl

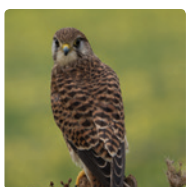

A COUPLE
OF 'OWLERS

CAN YOU FIND MY PARTNER?

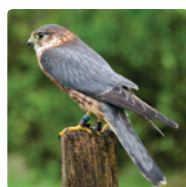

With most birds of prey, it can be tricky to tell the difference between males and females because they are often the same colours. However, females are normally bigger than males, sometimes up to 50% bigger! There are some exceptions though. Can you match up these birds with their partners?
